

HONDA

Open Frame Honda Generator ECM2800

FEATURES

The Honda ECM 2800 petrol generator combines the robust and reliable design of the EC range of generators with a larger fuel tank to provide the user with 2500 watts for up to 10 hours. This long running time, combined with the reduced noise levels on this model, explain why this model is a favourite among the construction industry.

SPECIFICATIONS

Primary Usage	Professional Use
Type	Open Frame
Max Output (W)	2800
Output voltage (V)	115/230
Rated Output (W)	2500
DC Voltage	N/A
Power Stability	Standard
DC Current	N/A
Oil Capacity (litre)	0.6 with Oil Alert
Starter Mechanism	Recoil
Dimensions length (mm)	645
Dimensions width (mm)	435
Dimensions height (mm)	490
Dry weight (kgs)	50.0000
Noise Level (7m away 1/4 load)	72dB(a)
Run Time, up to (hrs)	9
Fuel Tank Capacity (litres)	15
Fuel Type	Unleaded Petrol
Manufacturer	Honda
